WHO WE ARE

We are an architectural practice that has been established for over 20 years. We excel at large scale complex projects of a residential nature that require rigorous design and partnering relationships with all building environment practitioners and industry specialists.

WHAT WE DO

We are an experienced design orientated architectural practice offering specialist services in master planning, residential estates, architectural design, contract administration & documentation, educational facilities, industrial and residential mixed use projects.

www.hubarchitects.co.za

2003-2007

Hub Architects was formed in 2003 with the purchase of the 16 year-old business of 'Architectural Concepts' and integrated alongside Paragon Architects as a separately owned company with new shareholders.

2008-2013

**PARAGON
HUB**

From 2008 Hub Architects focused on residential design, master planning and mixed use developments within the Paragon Group. 2012 saw Hub Architects re-branded to Paragon Hub Architects to bring it closer to the Paragon Group Brand.

2014- present

In 2014 Hub Architects disengaged from the Paragon Group so that it could focus and maintain its speciality in residential high density architecture as a standalone brand.

“The Whole Is Greater Than The Sum of its Parts”
Aristotle
